“ So sorry to hear about Leldon. He and Wynoma were so kind to my dad when he was at Chapman's. They would stop by every day to check on him. You all are in my thoughts.

“ Karen, Nancy, and Jim,
Bill Abernathy here. My, it's been a very long time since I've seen any of you; close to 50 years?
I'd like to express my condolences to you for your dad's passing.
As you know our parents were friends beginning in the late 40s. Through all those years since I graduated from high school, your parents' names came up in conversation many times when I was home seeing my parents, as they remained close during all those years.
I'm sure you remember the time when your dad had the kiln in the back yard where he made various ceramics. At some point when my two sons were young, late 80s, my dad took them to see your dad's handiwork there, and they both left with a handful of ceramic eggs. So, my sons have always remembered that, and so, remembered your parents.
Monday night I told them that your dad had passed, and Nick, the older son, told me that his 5 year old daughter has a few of those eggs in her room as an Easter decoration. I had no idea those were still around.
In the years since your parents moved to Chapman's, I would go with Dad to see them and a few other of his friends who were living there, about twice a year, so I have kept up my acquaintance with them through all these years.
Ninety-nine years provides a full life, and I'm sure you will miss him badly. It would be so nice if you were able to have a service where people didn't have to stay in their cars, but I'm sure Mike Densmore will make it very memorable, regardless of the situation.

“ Jim, Karen and Nancy,

I too grew up on Forest Road and enjoyed the memories we all shared there. Your parents were so nice to all of us children on that fun road. Then I had the privilege, once moving out into the country, to meet two of your dad's sisters, Sue and Ted. Very nice ladies and great neighbors.

I am very sorry to hear about Leldon's passing.
